The Association of Serbian Paddlers of the TID is organizing the 23th Commemoration of Vitomir Dizdarevic – Admiral Kuk Drina – Sava – Kayak – Canoe Regatta

On the rivers of the Drina and Sava from Višegrad to Sremska Mitrovica from 30 April to 07 May 2022, **The Serbian Paddlers of the TID** are organizing the 23th Commemoration of Vitomir Dizdarevic – Admiral Kuk, a Drina-Sava, international kayak-canoe, and paddling regatta, affording sport, tourism and recreation.

The regatta is not intended for beginner paddlers learning the basic skills.

The number of participants, because of accommodation capacities and small group sizes, is limited to 80 people.

The camps are in close proximity to dining facilities and convenience stores.

Cold running water and toilets will also be available.

The Drina is a beautiful, fast (6-10 km per hour), verdant and cold river. As we paddle the Drina, we will traverse 2 lakes, about 87 km in total. The Sava is a slow (3-4 km per hour) and wide (>250 m) river.

At some of the locations (Višegrad, Stari brod, Perućac, Ljubovija, Mali Zvornik, Crna Bara), hotel and/or private accommodations will be available.

The regatta begins in Višegrad – Republika Srpska, in Bosnia and Herzegovina, and in front of the dam in Perućac crosses into Republika Srpska. It will continue to the confluence of the Sava. As the Drina is a border river, its left bank belonging to the Republika Srpska, entering the

territory without the necessary passport and customs checks is forbidden. In order for the necessary permits to be procured from the authorities of the Republic of Serbia and Bosnia and Herzegovina-Republika Srpska, participants are required to submit their applications with personal data to the organizers no later than 15 days before the start of the regatta.

The registration fee for participants, which covers the organization's expenses and preparation costs, is the equivalent of 25 € in Serbian Dinars.

Meals are not provided. Participants must have their own tent, sleeping bag, warm blanket, appropriate attire (raincoat, hat, etc), footwear, and lifejacket. Every participant must bring their own trailer for transporting their boat.

The transport and boat trailer manager will follow the regatta. Passenger vehicles *with drivers* are permitted and encouraged to follow the regatta.

All of the camps can be accessed by car. In the case of rain, it is recommended that vehicles be left 2 km from the camp at Stari Brod, along the asphalt section.

Each participant must have a life insurance policy.

Each participant, before embarking on the regatta, must sign a statement in their native language: declaring that they know how to swim, do not have any health problems, will not paddle under the influence of alcohol or psychoactive substances, are participating in the regatta at their own expense and risk, have a life insurance policy, have a lifejacket and will use it, are using a boat with air chambers, will attach their paddles to their boat, will travel in groups, and will follow the instructions given by the regatta organizers.

Before the start, it will be determined who the leaders of each national group will be, through whom the organizers will establish communication.

Regatta participants may join in at any leg, and may likewise leave the regatta before reaching the final destination, providing they make such arrangements with the organizers.

Transport to the start is not provided. From Beli potok – Beograd, several mini buses with drivers and boat trailers will be available for hire. The vehicle will follow the entire regatta. The service will cost 60 € per person. Interested participants are to book the service with the organizer and pay an advance deposit.

The gathering point for all participants is in Višegrad, on Saturday and on 29 April 2022, until 7pm. There, camp will be set up, and water and toilets will be available.

Participants in Višegrad may also arrive on Friday 29.04.2022.
